

## Qualität aus'm Ländle

Our draining trolleys are the result of our total commitment to quality, innovative technology, years of experience and consistent further development of tried and tested systems.

## BYPASSFILTER

### Type D 7001 movable

#### Type D 7001 movable:

Length 1.000 mm

Width 620 mm

Height 1.100 mm

Weight 60 kg

Filter units

## BYPASSFILTER

### Type D 7001 movable

The movable bypass filter is equipped with two units of filter housing. By relocating a 3-way-ball valve, the filtration is not disrupted while changing the filter cartridge. The contamination of the filter cartridge can be dumped into a pressure manometer.

Filter cartridge 3 - 5 µm

Refills, 2 units

#### Pump

- Hydraulic capacity of approx. 25 l/min.
- 2 bar max.
- Alternatively, also the compressed air membrane pump
